

CITATION REPORT

List of articles citing

Isolation and structural elucidation of a new tadalafil analogue in health supplements: bisprenortadalafil

DOI: 10.1080/19440049.2016.1179134

Food Additives and Contaminants - Part A Chemistry, Analysis, Control, Exposure and Risk Assessment, 2016, 33, 945-52.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
