Citation Report
List of articles citing

Genetic Risk, Adherence to a Healthy Lifestyle, and Coronary Disease

DOI: 10.1056/nejmoa1605086
New England Journal of Medicine, 2016, 375, 2349-2358.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
