A generator of test data set for tactical moving objects b

Citation Report

#	ARTICLE	IF	CITATIONS
1	High-efficiency Synthesis and Processing Software Design of Large-capacity Data for Digital Device Testing. , 2018, , .		0
2	Generating and Evaluating Synthetic UK Primary Care Data: Preserving Data Utility & Patient Privacy. , 2019, , .		26
3	Analysis of Facebook Interaction as Basis for Synthetic Expanded Social Graph Generation. IEEE Access, 2019, 7, 6622-6636.	2.6	5
4	Flexible Production Data Generator for Manufacturing Companies. Procedia Manufacturing, 2020, 51, 1478-1484.	1.9	1
5	Data Set Synthesis Based on Known Correlations and Distributions for Expanded Social Graph Generation. IEEE Access, 2020, 8, 33013-33022.	2.6	1
6	Generating and evaluating cross€sectional synthetic electronic healthcare data: Preserving data utility and patient privacy. Computational Intelligence, 2021, 37, 819-851.	2.1	28
