

CITATION REPORT

List of articles citing

Cost effectiveness of interferon-gamma release assay for tuberculosis screening using three months of rifapentine and isoniazid among long-term expatriates from low to high incidence countries

DOI: 10.1016/j.tmaid.2016.05.010

Travel Medicine and Infectious Disease, 2016, 14, 489-498.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
