

# CITATION REPORT

List of articles citing

Antidepressant-like activity of sildenafil following acute and subchronic treatment in the forced swim test in mice: effects of restraint stress and monoamine depletion

DOI: 10.1007/s11011-016-9852-8  
Metabolic Brain Disease, 2016, 31, 1095-104.

Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
