

CITATION REPORT

List of articles citing

SIMR: an R package for power analysis of generalized linear mixed models by simulation

DOI: 10.1111/2041-210x.12504

Methods in Ecology and Evolution, 2016, 7, 493-498.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
961	The potential of electricity transmission corridors in forested areas as bumblebee habitat. 2016 , 3, 160525		15
960	Optimising survey effort to monitor environmental variables: A case study using New Zealand kiwifruit orchards. 2016 , 183, 13-21		1
959	Wired: impacts of increasing power line use by a growing bird population. 2017 , 12, 024019		7
958	Association of AKAP6 and MIR2113 with cognitive performance in a population-based sample of older adults. 2017 , 16, 472-478		9
957	Alcohol and nicotine codependence-associated DNA methylation changes in promoter regions of addiction-related genes. 2017 , 7, 41816		13
956	Determinants of treatment duration in the prevention of recurrent venous thromboembolism: a protocol for a balanced vignette experiment. 2017 , 7, e015231		3
955	Late Onset Alzheimer's Disease Risk Variants in Cognitive Decline: The PATH Through Life Study. 2017 , 57, 423-436		19
954	Life-history responses to environmental change revealed by resurrected rotifers from a historically polluted lake. 2017 , 796, 121-130		9
953	Evolution of brain region volumes during artificial selection for relative brain size. 2017 , 71, 2942-2951		24
952	A Network Approach to Affect Regulation Dynamics and Personality Trait-Induced Variations: Extraversion and Neuroticism Moderate Reciprocal Influences between Affect and Affect Regulation Strategies. 2017 , 31, 329-346		18
951	Individual consistency in multiple cognitive performance: behavioural versus cognitive syndromes. 2017 , 130, 119-131		19
950	Defining thresholds of sustainable impact on benthic communities in relation to fishing disturbance. 2017 , 7, 5440		18
949	Reindeer habitat use in relation to two small wind farms, during preconstruction, construction, and operation. 2017 , 7, 3870-3882		14
948	The functional consequences of social distraction: Attention and memory for complex scenes. 2017 , 158, 215-223		12
947	Longitudinal hemodynamics in acute phase of treatment with labetalol in hypertensive pregnant women to predict need for vasodilatory therapy. 2017 , 49, 85-94		20
946	Statistical Quantification of Individual Differences (SQuID): an educational and statistical tool for understanding multilevel phenotypic data in linear mixed models. <i>Methods in Ecology and Evolution</i> , 2017 , 8, 257-267	7.7	28
945	Emotions and Pan-Asian Organizing in the U.S. Southwest: Analyzing Interview Discourses via Sentiment Analysis. 2017 , 28, 2785-2806		3

944	On the role of body size, brain size, and eye size in visual acuity. 2017 , 71, 179		25
943	Communicative predictions can overrule linguistic priors. 2017 , 7, 17581		13
942	An indicator approach to capture impacts of white-tailed deer and other ungulates in the presence of multiple associated stressors. 2017 , 9, plx034		12
941	Highly masculinized and younger males attain higher reproductive success in a social rodent. 2018 , 29, 628-636		5
940	Habitat structure modifies microclimate: An approach for mapping fine-scale thermal refuge. <i>Methods in Ecology and Evolution</i> , 2018 , 9, 1648-1657	7·7	26
939	Nonlinear mixed-modelling discriminates the effect of chemicals and their mixtures on zebrafish behavior. 2018 , 8, 1999		9
938	The role of temporal inversion in the perception of realistic and morphed dynamic transitions between facial expressions. 2018 , 143, 42-51		4
937	The Prototypical Majority Effect Under Social Influence. 2018 , 44, 670-683		7
936	Using balanced acceptance sampling as a master sample for environmental surveys. <i>Methods in Ecology and Evolution</i> , 2018 , 9, 1718-1726	7·7	7
935	The behavioral and neural binding phenomena during visuomotor integration of angry facial expressions. 2018 , 8, 6887		2
934	Higher physical fitness levels are associated with less language decline in healthy ageing. 2018 , 8, 6715		6
933	The relation between rumination and temporal features of emotion intensity. 2018 , 32, 259-274		11
932	Effects of Geography on Mental Health Disparities on Sexual Minorities in New York City. 2018 , 47, 1095-1107		
931	Differences in Small Plot and On-Farm Trials for Yield Response to Foliar Fungicide in Soybean. 2018 , 102, 140-145		8
930	Statistical Power in Plant Pathology Research. 2018 , 108, 15-22		8
929	Memory accessibility shapes explanation: Testing key claims of the inference heuristic account. 2018 , 46, 68-88		16
928	Using Retrieval Cues to Attenuate Return of Fear in Individuals With Public Speaking Anxiety. 2018 , 49, 212-224		7
927	Mind-wandering rates fluctuate across the day: evidence from an experience-sampling study. 2018 , 3, 54		13

926	No support for cryptic choice by ovarian fluid in an external fertilizer. 2018 , 8, 11763-11774	4
925	Shared credit for shared success: Successful joint performance strengthens the sense of joint agency. 2018 , 66, 79-90	7
924	Are tearful individuals perceived as less competent? Probably not. 2018 , 3, 119-139	5
923	Sociality and insect abundance affect duration of nocturnal activity of male parti-colored bats. 2018 , 99, 1503-1509	9
922	Individual spindle detection and analysis in high-density recordings across the night and in thalamic stroke. 2018 , 8, 17885	7
921	Intact automatic motor inhibition in patients with tourette syndrome. 2018 , 33, 1800-1804	9
920	Intact automatic motor inhibition in attention deficit hyperactivity disorder. 2018 , 109, 215-225	5
919	Optimal soil carbon sampling designs to achieve cost-effectiveness: a case study in blue carbon ecosystems. 2018 , 14,	6
918	Towards a unified model of semantic memory: validation and theoretical implications of the conceptual feature rating space. 2018 , 33, 698-709
