

Evolution of foot-and-mouth disease virus serotype A c timescale of three decades in an endemic context

Infection, Genetics and Evolution

41, 36-46

DOI: [10.1016/j.meegid.2016.03.024](https://doi.org/10.1016/j.meegid.2016.03.024)
