

# CITATION REPORT

List of articles citing

**An open letter to The BMJ editors on qualitative research**

**DOI: 10.1136/bmj.i563**  
**BMJ, The, 2016, 352, i563.**

**Source:** <https://exaly.com/paper-pdf/65489877/citation-report.pdf>

**Version:** 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
212	The role of qualitative research in ending TB. <b>2016</b> , 6, 209		2
211	Undertaking and reporting qualitative research. <b>2016</b> , 13, 175-82		18
210	Qualitative research in the ESHRE Guideline 'Routine psychosocial care in infertility and medically assisted reproduction - a guide for staff'. <b>2016</b> , 31, 1928-9		7
209	Research Cycles: Adding More Substance to the Spin. <b>2016</b> , 14, 1067-1070		1
208	Patient and Family Engagement in Research in Era 3. <b>2016</b> , 13, 1622-1624		5
207	Seizures in patients with primary brain tumors: what is their psychosocial impact?. <b>2016</b> , 128, 285-91		15
206	The Importance Of Integrating Narrative Into Health Care Decision Making. <b>2016</b> , 35, 720-5		67
205	Half-century of Dental Public Health research: bibliometric analysis of world scientific trends. <b>2016</b> , 44, 557-563		21
204	Promises and pitfalls of data sharing in qualitative research. <b>2016</b> , 169, 191-198		49
203	A clearing for narrative practice. <b>2016</b> , 188, 1267-1268		1
202	La recherche qualitative : sa pertinence et sa nécessité en kinésithérapie. <b>2016</b> , 16, 20-23		
201	Exploring new worlds: expanding the reach of qualitative research in dermatology. <b>2016</b> , 174, 951-2		1
200	Qualitative research. <b>2016</b> , 52, 911		
199	Fair publication of qualitative research in health systems: a call by health policy and systems researchers. <b>2016</b> , 15, 98		22
198	Timely identification of palliative patients and anticipatory care planning by GPs: practical application of tools and a training programme. <b>2016</b> , 15, 39		23
197	Publishing qualitative research in medical journals. <b>2017</b> , 67, 229-230		7
196	Further exploration of dissemination bias in qualitative research required to facilitate assessment within qualitative evidence syntheses. <b>2017</b> , 88, 133-139		21

195	Staff and patient experiences of decision-making about continuous observation in psychiatric hospitals. <b>2017</b> , 52, 473-483	12
194	Suicide and mental disorders: A discourse of politics, power, and vested interests. <b>2017</b> , 41, 481-492	92
193	Using Qualitative Research to Inform Development of Professional Guidelines: A Case Study of the Society of Critical Care Medicine Family-Centered Care Guidelines. <b>2017</b> , 45, 1352-1358	8
192	Big data in mental health research - do the s justify the means? Using large data-sets of electronic health records for mental health research. <b>2017</b> , 41, 129-132	10
191	What use is qualitative research?. <b>2017</b> , 51, 7-9	7
190	The state of qualitative research in health and social science literature: a focused mapping review and synthesis. <b>2017</b> , 20, 627-645	54
189	Future Directions for Person-Centred Healthcare Research. <b>2017</b> , 209-218	4
188	Qualitative Research Methods to Advance Research on Health Inequities Among Previously Incarcerated Women Living With HIV in Alabama. <b>2017</b> , 44, 716-727	21
187	Series: Practical guidance to qualitative research. Part 1: Introduction. <b>2017</b> , 23, 271-273	38
186	Holding Firm: Power, Push-Back, and Opportunities in Navigating the Liminal Space of Critical Qualitative Health Research. <b>2017</b> , 27, 1765-1774	8
185	Exploring why a complex intervention piloted in general practices did not result in an increase in chlamydia screening and diagnosis: a qualitative evaluation using the fidelity of implementation model. <b>2017</b> , 18, 43	14
184	Introducing visual participatory methods to develop local knowledge on HIV in rural South Africa. <b>2017</b> , 2, e000231	8
183	Patients' initial steps to cancer diagnosis in Denmark, England and Sweden: what can a qualitative, cross-country comparison of narrative interviews tell us about potentially modifiable factors?. <b>2017</b> , 7, e018210	16
182	Qualitative methods in PhD theses from general practice in Scandinavia. <b>2017</b> , 35, 309-312	5
181	Publishing Research in Empirical Bioethics: Quality, Disciplines and Expertise. 235-255	5
180	Qualitative research thrives in primary care with the support of research training and mentoring. <b>2017</b> , 35, 307-308	2
179	Maximising the availability and use of high-quality evidence for policymaking: collaborative, targeted and efficient evidence reviews. <b>2018</b> , 4,	5
178	The essential role of qualitative research in building knowledge on health. <b>2018</b> , 37, 105-107	1

177	The importance of service-users' perspectives: A systematic review of qualitative evidence reveals overlooked critical features of weight management programmes. <b>2018</b> , 21, 563-573	18
176	The Role of Qualitative Research in Clinical Trial Development: The EASE Back Study. <b>2018</b> , 12, 325-343	8
175	Narrative approach in understanding the drivers for resilience of military combat medics. <b>2018</b> , 164, 155-159	3
174	Negotiating Power: The Relational Factors of Vulnerability, Trust, and Patience in Learning Critical Qualitative Research. <b>2018</b> , 11, 394-412	
173	Ongoing training of community health workers in low-income and middle-income countries: a systematic scoping review of the literature. <b>2018</b> , 8, e021467	49
172	Faculty's work engagement in patient care: impact on job crafting of the teacher tasks. <b>2018</b> , 18, 312	3
171	"They Destroy the Reproductive System": Exploring the Belief that Modern Contraceptive Use Causes Infertility. <b>2018</b> , 49, 345-365	27
170	Characterising and justifying sample size sufficiency in interview-based studies: systematic analysis of qualitative health research over a 15-year period. <b>2018</b> , 18, 148	485
169	Beyond bare bones: critical, theoretically engaged qualitative research in public health. <b>2018</b> , 109, 613-621	12
168	Are we on the cusp of a fourth research paradigm? Predicting the future for a new approach to methods-use in medical and health services research. <b>2018</b> , 18, 131	10
167	What have the social sciences ever done for equity in health policy and health systems?. <b>2018</b> , 17, 124	51
166	Showcasing the contribution of social sciences to health policy and systems research. <b>2018</b> , 17, 145	3
165	Qualitative research is a fundamental scientific process. <b>2018</b> , 102, 129-133	15
164	Qualitative research on community experiences in large HIV research trials: what have we learned?. <b>2018</b> , 21 Suppl 7, e25173	9
163	Barriers to supportive care during the Ebola virus disease outbreak in West Africa: Results of a qualitative study. <b>2018</b> , 13, e0201091	11
162	Going where other methods cannot: A systematic mapping review of 25 years of qualitative research in Otolaryngology. <b>2018</b> , 43, 1443-1453	6
161	Seven lessons for interdisciplinary research on interactive digital health interventions. <b>2018</b> , 4, 2055207618770325	25
160	Taking qualitative research to the next level. <b>2018</b> , 15, 91-92	3

159	Conceptualising Justice in Health as Opportunities to Be Healthy (Capabilities). <b>2018</b> , 121-154		
158	Methodological Considerations and Research Methods to Advance Social Justice. <b>2018</b> , 157-194		
157	A case for critical realism in the pursuit of interdisciplinarity and impact. <b>2018</b> , 10, 525-542		36
156	Meta-Synthesis of Qualitative Research. <b>2018</b> , 1-21		1
155	Interactions between youth and mental health professionals: The Youth Aware of Mental health (YAM) program experience. <b>2018</b> , 13, e0191843		13
154	Research paradigms and the politics of nursing knowledge: A reflective discussion. <b>2019</b> , 20, e12260		2
153	Qualitative methods in implementation research: An introduction. <b>2019</b> , 280, 112516		129
152	Adding quality to quantity in randomized controlled trials of addiction prevention and treatment: a new framework to facilitate the integration of qualitative research. <b>2019</b> , 114, 2257-2266		8
151	Patient experience of hospital screening for carbapenemase-producing Enterobacteriaceae: A qualitative study. <b>2019</b> , 28, 3890-3900		1
150	Qualitative Research on Expanded Prenatal and Newborn Screening: Robust but Marginalized. <b>2019</b> , 49 Suppl 1, S72-S81		3
149	A systems perspective on the importance of global health strategy developments for accomplishing today's Sustainable Development Goals. <b>2019</b> , 34, 635-645		5
148	Research in adolescent healthcare: The value of qualitative methods. <b>2019</b> , 26, 426-430		3
147	Congenital cardiac surgery and parental perception of risk: a qualitative study. <b>2019</b> , 29, 1361-1367		1
146	The value of peer mentoring for the psychosocial wellbeing of junior doctors: a randomised controlled study. <b>2019</b> , 210, 477-477.e1		
145	Beyond interviews and focus groups: a framework for integrating innovative qualitative methods into randomised controlled trials of complex public health interventions. <i>Trials</i> , <b>2019</b> , 20, 329	2.8	27
144	Celebrations amongst challenges: Considering the past, present and future of the qualitative methods in psychology section of the British Psychology Society. <b>2019</b> , 16, 464-482		7
143	Institutional ethnography as a unique tool for improving health systems. <b>2019</b> , 32, 143-147		2
142	Physicians' Attitudes on Resuscitation of Extremely Premature Infants: A Systematic Review. <b>2019</b> , 143,		16

141	Scientific supremacy as an obstacle to establishing and sustaining interdisciplinary dialogue across knowledge paradigms in health care and medicine. <b>2019</b> , 22, 631-637	
140	Meta-synthesis of Qualitative Research. <b>2019</b> , 785-804	0
139	How well are dental qualitative studies involving interviews and focus groups reported?. <b>2019</b> , 84, 44-48	11
138	Qualitative research as evidence: expanding the paradigm for evidence-based healthcare. <b>2019</b> , 24, 168-169	11
137	WASP (Write a Scientific Paper): Interpretative phenomenological analysis: Its attraction and relevance to the medical field. <b>2019</b> , 133, 52-56	1
136	WASP (write a scientific paper): Sampling in qualitative research. <b>2019</b> , 133, 69-71	22
135	Qualitative Inquiry. <b>2019</b> , 9-25	7
134	Whose perspective is it anyway? Dilemmas of patient involvement in the development of a randomized clinical trial - a qualitative study. <b>2019</b> , 58, 634-641	5
133	Applying feminist theory to medical education. <b>2019</b> , 393, 570-578	32
132	The clinician educator as qualitative researcher. <b>2019</b> , 16, 646-648	
131	Why is reporting quality improvement so hard? A qualitative study in perioperative care. <b>2019</b> , 9, e030269	8
130	Beyond exploratory: a tailored framework for designing and assessing qualitative health research. <b>2019</b> , 9, e030123	22
129	Questionnaire validation practice: a protocol for a systematic descriptive literature review of health literacy assessments. <b>2019</b> , 9, e030753	13
128	Thinking About Data With Grounded Theory. <b>2019</b> , 25, 743-753	40
127	Shared decision-making for postoperative analgesia: A semistructured qualitative study. <b>2019</b> , 36, 25-31	2
