

CITATION REPORT

List of articles citing

Industrial mining heritage and the legacy of environmental pollution in the Derbyshire Derwent catchment: Quantifying contamination at a regional scale and developing integrated strategies for management of the wider historic environment

DOI: 10.1016/j.jasrep.2016.02.007

Journal of Archaeological Science: Reports, 2016, 6, 190-199.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
