

CITATION REPORT

List of articles citing

Peripheral Edema, Central Venous Pressure, and Risk of AKI in Critical Illness

DOI: 10.2215/cjn.08080715

Clinical Journal of the American Society of Nephrology: CJASN, 2016, 11, 602-8.

Source: <https://exaly.com/paper-pdf/65566945/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
