

CITATION REPORT

List of articles citing

Assessment of fluorinated steroids to avert progression and mortality in anti-SSA/Ro-associated cardiac injury limited to the fetal conduction system

DOI: 10.1136/annrheumdis-2015-208311

Annals of the Rheumatic Diseases, 2016, 75, 1161-5.

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
