

The value of nonlinear control theory in investigating the resilience of a grocery supply chain

International Journal of Production Research

54, 265-286

DOI: [10.1080/00207543.2015.1076945](https://doi.org/10.1080/00207543.2015.1076945)
