

# CITATION REPORT

List of articles citing

Impact of total stent length after cobalt chromium everolimus-eluting stent implantation on 3-year clinical outcomes

DOI: 10.1002/ccd.26455

Catheterization and Cardiovascular Interventions,  
2017, 89, 207-216.

**Version:** 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
