

# CITATION REPORT

List of articles citing

## Effects of orthostatic hypotension on cognition in Parkinson disease

DOI: 10.1212/wnl.00000000000003452  
Neurology, 2017, 88, 17-24.

**Source:** <https://exaly.com/paper-pdf/66345725/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
