

CITATION REPORT

List of articles citing

Impact of Social Cognition on Alcohol Dependence
Treatment Outcome: Poorer Facial Emotion
Recognition Predicts Relapse/Dropout

DOI: 10.1111/acer.13522

Alcoholism: Clinical and Experimental Research, 2017,
41, 2197-2206.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
