Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
202	Training Surgeons in the Current US Healthcare System: A Review of Recent Changes in Resident Education. 2017 , 5, 1		2
201	Abdominal trauma surgery during recent US combat operations from 2002 to 2016. 2018 , 85, S122-S128		11
200	Relationship of procedural numbers with meaningful procedural autonomy in general surgery residents. 2018 , 163, 488-494		35
199	Weighing Entrustment Decisions with Patient Care during Residency Training. 2018 , 158, 1024-1027		4
198	Validation of a Novel Inverted Peg Transfer Task: Advancing Beyond the Regular Peg Transfer Task for Surgical Simulation-Based Assessment. 2018 , 75, 836-843		4
197	Trainee Autonomy and Patient Safety. <i>Annals of Surgery</i> , 2018 , 267, 820-822	7.8	11
196	Readiness of US General Surgery Residents for Independent Practice: Erratum. <i>Annals of Surgery</i> , 2018 , 267, e63	7.8	1
195	What They May Not Tell You and You May Not Know to Ask: What is Expected of Surgeons in Their First Year of Independent Practice. 2018 , 75, e134-e141		7
194	Re: Laparoscopy in a combat theater of operations. 2018 , 85, 1132-1133		1
193	Competence in Endoscopic Ultrasound and Endoscopic Retrograde Cholangiopancreatography, From Training Through Independent Practice. 2018 , 155, 1483-1494.e7		38
192	Minimally invasive surgical exposure among US and Canadian pediatric surgery trainees, 2004-2016. 2018 , 231, 179-185		7
191	Is the operative autonomy granted to a resident consistent with operative performance quality. 2018 , 164, 566-570		10
190	A SIMPL application to assess oral medicine residents' performance and level of autonomy. 2018 , 126, 246-251		1
189	A Surgical Transition in Need of Disruption. 2018 , 93, 679-680		
188	Impact of trainee involvement in esophagectomy on clinical outcomes: a narrative systematic review of the literature. 2019 , 32, 1-8		
187	Assessments of Otolaryngology Resident Operative Experiences Using Mobile Technology: A Pilot Study. 2019 , 161, 939-945		7
186	The future of general surgery training: A Canadian resident nationwide Delphi consensus statement. 2019 , 166, 726-734		0

185	Improving the Intraoperative Educational Experience: Understanding the Role of Confidence in the Resident-Attending Relationship. 2019 , 76, 1187-1199		3
184	Impact of Residents on Safety Outcomes in Laparoscopic Cholecystectomy. 2019 , 43, 3013-3018		3
183	Number of Operative Performance Ratings Needed to Reliably Assess the Difficulty of Surgical Procedures. 2019 , 76, e189-e192		1
182	An Interdisciplinary Approach to Surgical Skills Training Decreases Programmatic Costs. 2019 , 235, 600-606		1
181	Computer Simulation and Maxillary All-on-Four Surgery. 2019 , 31, 497-504		1
180	Recruiting expertise: how surgical trainees engage supervisors for learning in the operating room. 2019 , 53, 616-627		9
179	A comparison of patient satisfaction when office-based procedures are performed by general surgery residents versus an attending surgeon. 2019 , 166, 116-122		3
178	Animal Model Simulation for Training With Split-Liver Transplants. 2019 , 25, 367-368		0
177	Changing Autonomy in Operative Experience Through UK General Surgery Training: A National Cohort Study. <i>Annals of Surgery</i> , 2019 , 269, 399-406	7.8	11
176	Entrustable Professional Activities: The Future of Competency-based Education in Surgery May Already Be Here. <i>Annals of Surgery</i> , 2019 , 269, 407-408	7.8	10
175	Tracking operative autonomy and performance in otolaryngology training using smartphone technology: A single institution pilot study. 2019 , 4, 578-586		5
174	The reality of general surgery training and increased complexity of abdominal wall hernia surgery. 2019 , 23, 1081-1091		24
173	Do End-of-Rotation Evaluations Adequately Assess Readiness to Operate?. 2019 , 94, 1946-1952		1
172	Preoperative goal setting and perioperative communication in an academic training institution: Where do we stand?. 2019 , 217, 318-322		5
171	Bridging the gap: The intersection of entrustability and perceived autonomy for surgical residents in the OR. 2019 , 217, 276-280		13
170	Resident perceptions and evaluations of fellow-led and resident-led surgical services. 2019 , 217, 373-381		1
169	Prospective validation of the safety of a laparoscopic cholecystectomy training paradigm featuring incremental autonomy. 2019 , 217, 787-793		0
