

CITATION REPORT

List of articles citing

Understanding Data Heterogeneity in the Context of Cyber-Physical Systems Integration

DOI: 10.1109/tii.2016.2596101

IEEE Transactions on Industrial Informatics, 2017, 13, 660-666

Source: <https://exaly.com/paper-pdf/67703836/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
