Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
160	Association of the Interaction Between Smoking and Depressive Symptom Clusters With Coronary Artery Calcification: The CARDIA Study. 2017 , 13, 43-51		7
159	The Role of Physical Activity Enjoyment on the Acute Mood Experience of Exercise among Smokers with Elevated Depressive Symptoms. 2017 , 12, 37-43		8
158	Current major depression is associated with greater sensitivity to the motivational effect of both negative mood induction and abstinence on tobacco-seeking behavior. 2017 , 176, 1-6		27
157	The interplay of history of depression and craving in terms of smoking relapse among treatment seeking smokers. <i>Journal of Addictive Diseases</i> , 2017 , 36, 175-182	1.7	4
156	Commentary on Mathew et al. (2017): Improving the effectiveness of interventions to reduce smoking among people living with severe mental ill-health. <i>Addiction</i> , 2017 , 112, 413-414	4.6	2
155	Medical and sociodemographic factors predict persistent smoking after coronary events. 2017 , 17, 241		7
154	Depression comorbid with tuberculosis and its impact on health status: cross-sectional analysis of community-based data from 48 low- and middle-income countries. 2017 , 15, 209		49
153	Depressive statements prime goal-directed alcohol-seeking in individuals who report drinking to cope with negative affect. 2018 , 235, 269-279		20
152	Disparities in the management of cardiovascular risk factors in patients with psychiatric disorders: a systematic review and meta-analysis. 2018 , 48, 2693-2701		25
151	Socioeconomic Disparities in Smoking Among U.S. Adults With Depression, 2005-2014. 2018 , 54, 765-775		10
150	Validity evidence of the Behavioral Activation for Depression Scale-Short Form among depressed smokers. 2018 , 18, 162-169		3
149	Effectiveness of pharmacological or psychological interventions for smoking cessation in smokers with major depression or depressive symptoms: A systematic review of the literature. 2018 , 39, 289-306		9
148	Serious mental illness and smoking cessation. 2018 , 7, 39-46		3
147	Current limits of experimental research into habits and future directions. 2018 , 20, 33-39		46
146	Patterns of stress coping and depression among patients with head and neck cancer: A Japanese cross-sectional study. 2018 , 27, 556-562		6
145	The Interaction of Depressive Symptoms and Hazardous Drinking in Relation to Tobacco Craving Among Treatment Seeking Depressed Smokers: Sex Differences. 2018 , 12, 119-126		1
144	Cigarette demand among smokers with elevated depressive symptoms: an experimental comparison with low depressive symptoms. 2018 , 235, 719-728		8

143	Patient-reported Outcomes in Facial Reconstruction: Assessment of FACE-Q Scales and Predictors of Satisfaction. 2018 , 6, e2004	5
142	A concurrent pictorial drug choice task marks multiple risk factors in treatment-engaged smokers and drinkers. 2018 , 29, 716-725	11
141	Early Life Trauma Predicts Affective Phenomenology and the Effects are Partly Mediated by Staging Coupled with Lowered Lipid-Associated Antioxidant Defences. 2018 , 9, 115-130	14
140	Depressive symptoms and suicidal behaviours in adolescent non-daily smokers compared to daily smokers and never-smokers in Korea: National cross-sectional study. 2018 , 13, e0207182	7
