## CITATION REPORT List of articles citing

A Study of Deep CNN-Based Classification of Open and Closed Eyes Using a Visible Light Camera Sensor

DOI: 10.3390/s17071534 Sensors, 2017, 17, .

Source: https://exaly.com/paper-pdf/68358778/citation-report.pdf

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
