

CITATION REPORT

List of articles citing

Infectious and Noninfectious Pulmonary Complications in Patients With Primary Immunodeficiency Disorders

DOI: 10.18176/jiaci.0166

Journal of Investigational Allergology and Clinical Immunology, 2017, 27, 213-224.

Source: <https://exaly.com/paper-pdf/68373977/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
