

CITATION REPORT

List of articles citing

The renoprotective effect of oral Tadalafil pretreatment on ischemia/reperfusion injury in rats

DOI: 10.1590/s0102-865020170201

Acta Cirurgica Brasileira, 2017, 32, 90-97.

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
