- 18 The influence of sexual activity on sleep: A diary study.
- 17 A population-based study of the bidirectional association between chronic disease and depression in two prospective Chinese cohorts. **2023**, 81, 103456
- 16 Predicting insomnia severity using structure-function coupling in female chronic insomnia patients. **2023**, 441, 114283
- 15 Troponin elevation in the community: can you sleep on it?.
- 14 Insomnia with objective short sleep duration is associated with hypertension.
- 13 Association of sleep patterns and cardiovascular disease risk is modified by glucose tolerance status.
- 12 Nicotine, alcohol, and caffeine use among individuals with untreated obstructive sleep apnea.
- 11 Healthy sleep pattern reduce the risk of cardiovascular disease: A 10-year prospective cohort study. **2023**, 105, 53-60
- 10 Causal Associations of Sleep Traits with Cancer Incidence and Mortality.

- 9 The importance of sleep patterns in the incidence of coronary heart disease: a 6-year prospective study in Mashhad, Iran. **2023**, 13, ○
- 8 Racial disparities in the pharmacological treatment of insomnia: A time-to-event analysis using real-world data. **2023**, 9, 128-135 ○
- 7 Causal association between sleep traits and the risk of coronary artery disease in patients with diabetes. 10, ○
- 6 The potential of biomarkers for diagnosing insomnia: Consensus statement of the WFSBP Task Force on Sleep Disorders. 1-29 ○
- 5 Clinical Spectrum and Trajectory of Innovative Therapeutic Interventions for Insomnia: A Perspective. **2022**, 0 ○
- 4 Self-reported insomnia symptoms, sleep duration, chronotype and the risk of acute myocardial infarction (AMI): a prospective study in the UK Biobank and the HUNT Study. ○
- 3 Improving Quality of Sleep in Healthy Adults. ○
- 2 Short sleep duration associated with the incidence of cardio-cerebral vascular disease: a prospective cohort study in Shanghai, China. **2023**, 23, ○
- 1 Investigating the causal interplay between sleep traits and risk of acute myocardial infarction: a Mendelian randomization study. ○
