

# CITATION REPORT

List of articles citing

## The Current Pediatric Telehealth Landscape

DOI: 10.1542/peds.2017-2334  
Pediatrics, 2018, 141, .

**Source:** <https://exaly.com/paper-pdf/68830604/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
136	Comparison of a Novel Handheld Telehealth Device with Stand-Alone Examination Tools in a Clinic Setting. <i>Telemedicine Journal and E-Health</i> , <b>2019</b> , 25, 1225-1230	5.9	13
135	Barriers and enablers to implementing a virtual tertiary-regional Telemedicine Rounding and Consultation (TRAC) model of inpatient pediatric care using the Theoretical Domains Framework (TDF) approach: a study protocol. <b>2019</b> , 19, 29		7
134	Telemedicine in the Pediatric ICU. <b>2019</b> , 243-253		
133	Historical Perspectives: Telemedicine in Neonatology. <b>2019</b> , 20, e113-e123		19
132	Factors influencing behavior intentions to telehealth by Chinese elderly: An extended TAM model. <b>2019</b> , 126, 118-127		41
131	Use of Telemedicine to Improve Neonatal Resuscitation. <b>2019</b> , 6,		11
130	School-Based Telemedicine for Asthma Management. <b>2019</b> , 7, 2524-2532		10
129	Practical use of telemedicine in the chronically ventilated infant. <b>2019</b> , 24, 101036		6
128	Readiness for an Increase in Congenital Zika Virus Infections in the United States: Geographic Distance to Pediatric Subspecialist Care. <b>2019</b> , 13, 476-486		0
127	Connected Subspecialty Care: Applying Telehealth Strategies to Specific Referral Barriers. <i>Academic Pediatrics</i> , <b>2020</b> , 20, 16-22	2.7	15
126	Emergency Medicine Physicians' Perceptions of Pediatric Tele-Emergency Services. <i>Telemedicine Journal and E-Health</i> , <b>2020</b> , 26, 955-958	5.9	2
