

CITATION REPORT

List of articles citing

Voltage-Induced Modulation of Ionic Concentrations and Ion Current Rectification in Mesopores with Highly Charged Pore Walls

DOI: 10.1021/acs.jpcllett.7b03099

Journal of Physical Chemistry Letters, 2018, 9, 393-398.

Source: <https://exaly.com/paper-pdf/69240849/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
