

CITATION REPORT

List of articles citing

IOC consensus statement: dietary supplements and the high-performance athlete

DOI: 10.1136/bjsports-2018-099027

British Journal of Sports Medicine, 2018, 52, 439-455.

Source: <https://exaly.com/paper-pdf/69360568/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
