

CITATION REPORT

List of articles citing

Software search is not a science, even among scientists: A survey of how scientists and engineers find software

DOI: 10.1016/j.jss.2018.03.047

Journal of Systems and Software, 2018, 141, 171-191.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
