

CITATION REPORT

List of articles citing

Decline in sperm count in European men during the past 50 years

DOI: 10.1177/0960327117703690

Human and Experimental Toxicology, 2018, 37, 247-255.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
