

CITATION REPORT

List of articles citing

Steady-state pharmacokinetics of hydroxychloroquine in patients with cutaneous lupus erythematosus

DOI: 10.1177/0961203317727601

Lupus, 2018, 27, 847-852.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
