

CITATION REPORT

List of articles citing

Long-term mortality benefit of renin-angiotensin system inhibitors in patients with chronic limb-threatening ischemia undergoing vascular intervention

DOI: 10.1016/j.jvs.2017.07.130

Journal of Vascular Surgery, 2018, 67, 800-808.e1.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
