

CITATION REPORT

List of articles citing

The Application of Differential Thermal Analysis to the Study of Reaction Kinetics¹

DOI: 10.1021/ja01558a009

Journal of the American Chemical Society, 1957, 79, 41-46.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
