

CITATION REPORT

List of articles citing

Fracture of nickel titanium rotary instrument during root canal treatment and re-treatment: a 5-year retrospective study

DOI: 10.1111/iej.12826

International Endodontic Journal, 2018, 51, 157-163.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
