

# CITATION REPORT

List of articles citing

The clinical value of using chloroquine or hydroxychloroquine as autophagy inhibitors in the treatment of cancers: A systematic review and meta-analysis

DOI: 10.1097/md.00000000000012912  
Medicine (United States), 2018, 97, e12912.

**Source:** <https://exaly.com/paper-pdf/70578392/citation-report.pdf>

**Version:** 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
