

CITATION REPORT

List of articles citing

Scenario Analysis of Urban Road Transportation Energy Demand and GHG Emissions in ChinaA Case Study for Chongqing

DOI: 10.3390/su10062033
Sustainability, 2018, 10, 2033.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
