

CITATION REPORT

List of articles citing

Transition from metabolic healthy to unhealthy phenotypes and association with cardiovascular disease risk across BMI categories in 90 257 women (the Nurses Health Study): 30 year follow-up from a prospective cohort study

DOI: 10.1016/s2213-8587(18)30137-2

Lancet Diabetes and Endocrinology, the, 2018, 6, 714-724.

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
