List of articles citing

Correlation between conductivity and total dissolved solid in various type of water: A review

DOI: 10.1088/1755-1315/118/1/012019
IOP Conference Series: Earth and Environmental
Science, 2018, 118, 012019.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
155	Hydrochemical characterization and geospatial analysis of groundwater quality in Cap Bon region, northeastern Tunisia. 2018 , 77, 1		5
