

CITATION REPORT

List of articles citing

Application of chemical looping air separation for MILD oxy-combustion in the supercritical power plant with CO₂ capture

DOI: 10.1002/ese3.224

Energy Science and Engineering, 2018, 6, 490-505.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
