

# CITATION REPORT

List of articles citing

Endoscopic repair of spontaneous skull base defects decreases the incidence rate of intracranial complications

DOI: 10.1002/alr.22399

International Forum of Allergy and Rhinology, 2019, 9, 1089-1

**Source:** <https://exaly.com/paper-pdf/71915501/citation-report.pdf>

**Version:** 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
