

CITATION REPORT

List of articles citing

Susceptibility to Spear-Phishing Emails: Effects of Internet User Demographics and Email Content

DOI: 10.1145/3336141

ACM Transactions on Computer-Human Interaction,
2019, 26, .

Source: <https://exaly.com/paper-pdf/72191762/citation-report.pdf>

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
