

CITATION REPORT

List of articles citing

An Analysis of Thermal Plant Flexibility Using a National Generator Performance Database

DOI: 10.1021/acs.est.9b04522

Environmental Science & Technology, 2019, 53, 13486-13492

Source: <https://exaly.com/paper-pdf/72254641/citation-report.pdf>

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
