

CITATION REPORT

List of articles citing

Evaluation of antimicrobial activity of some plant extracts against antibiotic susceptible and resistant bacterial strains causing wound infection

DOI: 10.1186/s42269-019-0184-9

Bulletin of the National Research Centre, 2019, 43, .

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
