List of articles citing

## Induction of Oxidative Stress in Tumor Cells: A New Strategy for Drug Therapy of Malignant Tumors

DOI: 10.1134/s0006350919030102

Biophysics (Russian Federation), 2019, 64, 431-439.

**Version:** 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
