

CITATION REPORT

List of articles citing

An evaluation of the levels of organochlorine compounds (OCPs and PCBs) in cultured freshwater and wild sea fish eggs as an exposure biomarker for environmental contamination

DOI: 10.1007/s11356-019-04207-0

Environmental Science and Pollution Research, 2019, 26, 7005-7012.

Version: 2024-04-17

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
