

CITATION REPORT

List of articles citing

The effect of using tadalafil 5 mg/day on neutrophil-lymphocyte and platelet-lymphocyte ratios in mild-medium and severe erectile dysfunction patients; and comparison of clinical response

DOI: 10.1111/and.13347
Andrologia, 2019, 51, e13347.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
