

CITATION REPORT

List of articles citing

Peripartum outcomes in a large population of women with pulmonary arterial hypertension associated with congenital heart disease

DOI: 10.1177/2047487318821246

European Journal of Preventive Cardiology, 2019, 26, 1067-10

Source: <https://exaly.com/paper-pdf/73556121/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
