

CITATION REPORT

List of articles citing

Impact of air pollution on hospital admissions with a focus on respiratory diseases: a time-series multi-city analysis

DOI: 10.1007/s11356-019-04781-3

Environmental Science and Pollution Research, 2019, 26, 16998-17009.

Source: <https://exaly.com/paper-pdf/73613549/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
