

# CITATION REPORT

List of articles citing

Energy-efficient scheduling for sustainable manufacturing systems with renewable energy resources

DOI: 10.1002/nav.21830

Naval Research Logistics, 2019, 66, 154-173.

**Source:** <https://exaly.com/paper-pdf/73766410/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
