

# Exploring Ethical Concerns About Human Challenge Study Controlled Human Malaria Infection Study Participants

Journal of Empirical Research on Human Research Ethics

14, 49-60

DOI: [10.1177/1556264618820219](https://doi.org/10.1177/1556264618820219)

Citation Report

| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 1  | Typhoidal Salmonella human challenge studies: ethical and practical challenges and considerations for low-resource settings. <i>Trials</i> , 2019, 20, 704.   | 0.7 | 6         |
| 2  | When could human challenge trials be deployed to combat emerging infectious diseases? Lessons from the case of a Zika virus human challenge trial. <i>Trials</i> , 2019, 20, 702.                           | 0.7 | 16        |
| 3  | Money-oriented risk-takers or deliberate decision-makers: a cross-sectional survey study of participants in controlled human infection trials. <i>BMJ Open</i> , 2020, 10, e033796.                         | 0.8 | 10        |
| 4  | Towards a fair and transparent research participant compensation and reimbursement framework in Vietnam. <i>International Health</i> , 2020, 12, 533-540.   | 0.8 | 4         |
| 5  | Informed consent for controlled human infection studies in low- and middle-income countries: Ethical challenges and proposed solutions. <i>Bioethics</i> , 2020, 34, 809-818.                               | 0.7 | 3         |
| 6  | Payment in challenge studies: ethics, attitudes and a new payment for risk model. <i>Journal of Medical Ethics</i> , 2020, 46, 815-826.   | 1.0 | 26        |
| 7  | Commentary on 'Payment in challenge studies: ethics, attitudes and a new payment for risk model'. <i>Journal of Medical Ethics</i> , 2020, 46, 829-830.   | 1.0 | 2         |
| 8  | Paying Participants in COVID-19 Trials. <i>Journal of Infectious Diseases</i> , 2020, 222, 356-361.   | 1.9 | 7         |
| 9  | Human infection challenge studies in endemic settings and/or low-income and middle-income countries: key points of ethical consensus and controversy. <i>Journal of Medical Ethics</i> , 2020, 46, 601-609. | 1.0 | 20        |
| 10 | Key criteria for the ethical acceptability of COVID-19 human challenge studies: Report of a WHO Working Group. <i>Vaccine</i> , 2021, 39, 633-640.  | 1.7 | 42        |
