

Metagenomics of the faecal virome indicate a cumulative amount on the risk of coeliac disease autoimmunity in the TEDDY study

Gut

69, 1416-1422

DOI: [10.1136/gutjnl-2019-319809](https://doi.org/10.1136/gutjnl-2019-319809)
