Version: 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2262	High-grade gliomas. 156-169		
2261	The use of SSRIs as mood stabilisers for Bipolar II Disorder. 107-119		
2260	Autonomic function in depression: a modified methacholine test. 1962 , 108, 624-41		4
2259	Amitriptyline in depressive states:a controlled trial. 1962 , 108, 711-30		49
2258	A controlled comparison of imipramine and electroplexy. 1962 , 108, 217-9		34
2257	Potentiation of the antidepressive effect of a monoamine-oxidase inhibitor by tryptophan. 1963 , 1, 79-81		265
2256	The independence of neurotic depression and endogenous depression. 1963 , 109, 451-63		295
2255	Reactive and endogenous depressions--response to E.C.T. 1963 , 109, 213-7		24
2254	Fluid distribution and the response of depression to E.C.T. and imipramine. 1963 , 109, 395-8		19
