

CITATION REPORT

List of articles citing

The immune phenotype of tongue squamous cell carcinoma predicts early relapse and poor prognosis

DOI: 10.1002/cam4.3440

Cancer Medicine, 2020, 9, 8333-8344.

Source: <https://exaly.com/paper-pdf/75531138/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
